***Haryana Act No. 17 of 1992***

**hl145**

*Received the assent of the President of India on the 27th August, 1992, and was published in the Haryana Gazette, (Extra.), Legislature Supplement, Part I, dated September 29, 1992/Asvina 7, 1914.*

***An Act to amend the Indian Electricity Act, 1910, in its application to the State of Haryana.***

Be it enacted by the Legislature of the State of Haryana in the Thirty-eighth Year of the Republic of India as follows :-

**1. Short title.** - This Act may be called the Indian Electricity (Haryana Amendment) Act, 1987.

***Object & Reasons***

**Statement of Object and Reasons.** - To curb the offence of theft of electric power by industrial and other consumers of the Electricity Board in the State of Haryana, it is necessary that the offence under section 39 (Theft of Energy) and section 40 (Maliciously wasting energy or injuring works of the Board) may be made cognizable. As there is a possibility of such offences being sometimes committed by the consumers in connivance with the departmental or other persons having technical knowledge, the abetment of the offence of theft of electricity also needs to be made punishable. A State amendment in the Indian Electricity Act, 1910 is necessary.

The proposed amendment to Section 7-A of the Indian Electricity Act, 1910 will avoid extra financial burden on H.S.E.B. which is already facing a financial crisis and is otherwise in the public interest. Haryana State Electricity Board will be saving about Rs. two hundred lakhs in this way. The proposed amendment will also enable the Courts to try said offences in a summary manner and will eliminate the lengthy procedure of complaint cases as under the current provisions of the Indian Electricity Act, 1910.

The above circumstances have necessitated that the proposed amendments be made in the said Act retrospectively through the enactment of this Bill.
