

RENEWABLE ENERGY PROJECTS FOR ALL CATEGORY ENTERPRISES:

New captive renewable energy projects generating and storing solar energy (above 1 MW) or generating bio energy (from agricultural residue) will be treated as “Industry” and all the incentives available to thrust sector units under this policy, shall also be available to the solar and bio energy producers/units. Further, a capital subsidy of 25% upto INR 1 Crore per MW, maximum of INR 2.5 Crore shall be provisioned for bio energy (from agricultural residue) units throughout the state. The incentives specified for thrust sector i.e. Agro Based, Food Processing and Allied Industry would also be permissible for Bio-Energy Units.
